

Selecting Your DirectLine[®] Conductivity Loop is Easy as

DirectLine[®] 423 – with DL4000 Conductivity Cells

Simply Follow The Color Code:

SENSOR MODULE AND OUTPUT CABLE

The measurement is conductivity/resistivity so the DirectLine Sensor Module is a DL423.

Use MSG 51-52-16-71 to order by catalog number and pick DL423 from the Key Number Table.

For stocking purposes, order part number P/N 51500259-003.

Every module needs an output cable. There are two lengths to pick from—20 feet or 50 feet.

Use MSG 51-52-16-71 to order by catalog number
"B" for 20 feet or
"C" for 50 feet from Table I.

For stocking purposes, order part number P/N 51500271-001 for 20 feet or P/N 51500271-002 for 50 feet.

INTEGRAL MOUNTING

Integral mounting is available for conductivity cell types 4973 or 4905.

Use MSG 51-52-16-71 to order by catalog number. Pick:

"0" from Table II and
"A" from Table III and
any options in Table IV.

REMOTE MOUNTING

Remote mounting is available for conductivity cell types 4973, 4905, or 4909/4908.

Use MSG 51-52-16-71 to order by catalog number. Pick:

"5" from Table II to get a **Conductivity Remote Connector** and
"B" from Table III to get the **Remote Mounting Kit** and
any options in Table IV.

For stocking purposes, order part number P/N 51500768-004 for the Conductivity Remote Connector and P/N 51500526-001 for the Remote Mounting Kit.

INTEGRAL CONDUCTIVITY CELLS

If you have selected a mounting installation for: 4973 (In-Line) or 4905 (Flow Chamber) and you want to mount the DirectLine Sensor Module on your cell:

Use DL4000 MSG 51-52-16-80 to pick an **Integral Conductivity Cell** option.

REMOTE CONDUCTIVITY CELLS

If you have selected a mounting installation for: 4973 (In-Line, Flow Chamber, or Immersion), 4905 (In-Line, Flow Chamber), or 4909 (Insertion/Removal) and you want to mount the DirectLine Sensor Module remotely on the wall, a pipe or DIN rail

Use DL4000 MSG 51-52-16-80 to pick a **Remote Conductivity Cell**.

INTEGRAL

Type	Cell Constant	Electrode Material	Model Number
In-Line or Flow Chamber 4973 Type	0.1	Titanium	DL4-301-000-0000
	10	Graphite	DL4-302-000-0000
In-Line or Flow Chamber 4905 Type	0.1	Nickel	DL4-501-000-0000
	0.1	Platinum	DL4-502-000-0000
	10	Nickel	DL4-503-000-0000
	10	Platinum	DL4-504-000-0000
	50	Nickel	DL4-505-000-0000
	50	Platinum	DL4-506-000-0000

REMOTE

Type	Cell Constant	Electrode Material	Model Number
In-Line or Flow Chamber 4973 Type	0.1	Titanium	DL4-311-000-0000
	10	Graphite	DL4-312-000-0000
In-Line or Flow Chamber 4905 Type	0.1	Nickel	DL4-511-000-0000
	0.1	Platinum	DL4-512-000-0000
	10	Nickel	DL4-513-000-0000
	10	Platinum	DL4-514-000-0000
	50	Nickel	DL4-515-000-0000
	50	Platinum	DL4-516-000-0000
Stainless Steel Insertion/Removal 4909 Type	0.1	Nickel	DL4-911-000-0000
	0.1	Platinum	DL4-912-000-0000
	10	Nickel	DL4-913-000-0000
	10	Platinum	DL4-914-000-0000
	50	Nickel	DL4-915-000-0000
	50	Platinum	DL4-916-000-0000
